Run, Walk & Cycle for Childhood Cancer Awareness Month!

September 1st – 30th, 2024

The 12th Annual Million Mile is a month-long challenge that raises funds for critical childhood cancer research. Whether you walk, cycle or run, YOU can go the distance for children fighting cancer. For Childhood Cancer Awareness Month, participants of all ages log miles throughout September while raising money to help kids with cancer.

Team BAPHON is participating in Alex's Million Mile for the ELEVENTH year to help move us closer to finding a cure for all children with cancer! Over the last ten years, BAPHON has donated over \$24,000 to this organization and logged nearly 20,000 miles. In 2023, Team BAPHON was recognized as one of the top 100 fundraising teams and were awarded a certificate of appreciation!

Please join us this year in supporting this amazing organization by joining Team BAPHON.

APHON Updates

APHON has recently released the [APHON Strategic Plan 2024-2026](#) and [Health Policy and Advocacy Agenda](#).

The Strategic Plan describes the organizational vision for the pediatric hematology and oncology nurse to establish, advocate for, and achieve the highest standards of care. Their goal is to ensure that APHON remains a valuable professional home to its members.

The Health Policy and Advocacy Agenda is an action-oriented document for any nurse who is interested in using your voice as an advocate in pediatric hematology and oncology to raise awareness and activate change.
